¹ Starting in Fall 2005, MUN's medical interns/residents were reclassified from part-time to full-time; hence, there is a corresponding shift in graduate numbers.

² Students are now classified as full-time or part-time based upon registration status in the current semester rather than the academic year.

³ More than 50% of the change in 1st year enrolments and 100% of the overall change can be attributed to two policy changes related to academic dismissal and dis-enrolment for non-payment.
